## Specification

Performance	Trap Cooling Temperature	−45°C
	Amount of Dehumidification	
Function	Safety Function	Earth Leakage, Overcurrent Protection Breaker, Self-diagnosis Function, Refrigerator Protection (high-pressure pressure switch, overload relay), Vacuum Automatic Leak Valve, Service Outlet Fuse
Outer Dimensions/Weight		450 × 420 × 440mm / approx. 35kg
Power Input, Rated Power		6A 600VA · AC100V 50/60Hz

- ※ The value in performanfce is at 20°C as room temperature, rated supply voltage50Hz.
- ※ Power input value does not include the capacity of service outlets.
